

# AMERICAN WHITE GARLIC

DECEMBER | JULY 

# SPRING WHITE

 DECEMBER | JULY

Our sustainable farming practices stress the improvement and preservation of the land while increasing productivity and decreasing dependency on external inputs.

In addition to preserving the earth's natural resources, our sustainable agriculture benefits the environment through helping maintain soil quality, preserving water, ensures crop rotation, reduces pollution, preserves the quality of garlic and produce lower energy costs.

# SPRING VIOLET

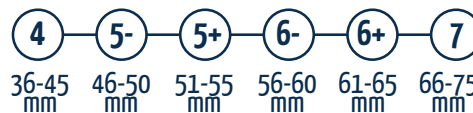

DECEMBER | JULY 

# RED GARLIC

 JANUARY | JULY
